Thirty-fourth Public Sale of

RARE COINS

To Be Sold by Mail Auction

to the Highest Bidder Without Reserve

Thursday, December 15, 1927 by

M. H. BOLENDER

P. O. Box 34

Orangeville, Illinois

To Collectors—The long evenings of winter are here and we must admit that one of the greatest joys, as collectors, is to sit around the table or at the desk, and get our collection of coins. But we must constantly make additions to our collections to keep abreast of the times and out of a rut. There is no more fascinating way to do it than through mail auction sales, especially when they come every month. There never will be a better time than right now to buy coins. On the whole, the country is more prosperous and business better than at any time since the war.

Look over this auction list thoroughly or you may miss just the coin you want. This sale includes many choice United States coins in gold, silver, and copper; 1856 flying eagle cent; every Commemorative half dollar; ancient coins; rare and choice foreign silver and copper coins, many silver of dollar size that are seldom offered; wonderful collection of fractional currency and United States notes after 1862, the best ever offered in these sales; Civil war tokens, many scarce; three sets of large cents; fine arrow heads and Indian relics; rare Georgia colonial currency; and many other desirable items.

Please bid by the piece unless stated to bid for the lot. Thus if there are 20 pieces in a lot and you wish to pay $6.00 for the lot, then bid 30 cents. In some instances, you are asked to bid for the entire lot. It is easy to follow this plan, and it makes your bids much easier to execute if you **bid by the piece** except where otherwise stated.

Mail your bids early as there is little time left before the sale. First bids received also have the preference in case of a tie. At each sale, some bids are too late, and the bidder therefore disappointed.

At every sale several collectors express their regrets that they did not bid higher on some items. If you want a coin, you should make your bid high enough, and I will always buy as much below your bid as possible. All bids are faithfully and honestly executed as advantageously for the bidder as possible.

A commission of 5% will be charged for executing your bids and packing and sending out material. This charge is very low for the superior services I expect to render for you, and I am sure you will feel that it is justifiable. No charge made on any bids that are not successful.

My classifications and descriptions are based on knowledge gained through 15 years of earnest dealing in coins. I have endeavored to refrain from over-rating the quality of a lot, which is so common. I believe that the word "RARE" should not be over-worked.

Please remember my strong guarantee. If goods are not satisfactory (you are to be the judge), you are at liberty to return them without any danger of offending.

New bidders should send references or a deposit of at least 25 per cent of bids.

Be sure to send some bids to this sale. If you find nothing to bid on, and you want next month's sale list, it is safest to request same by postal card. If no bids are received from you, your name is subject to withdrawal from my mailing list to make room for new collectors. It takes only a minute of your time and a postal card to bring you the next sales list in case you send no bids this time. If you send bids, you are certain of next month's sale list.

Coins will be bought as much below your bids as possible, as this is competitive bidding carried out in good faith.

If you do not know how much to bid on any item, write me and I shall be glad to inform you as to its value.

Receipted bills are not sent out after your remittance as this is unnecessary. Your check, draft, or money order itself is a receipt and we ask you to pay only once. However, if a 2-cent stamp is enclosed we will send receipt.

Some new unsolicited testimonials recently received:

"Assortment most pleasing. Am delighted."

"I am more than pleased."

"I congratulate you on your business methods."

"The coins I bought were very satisfactory indeed."

"I am more than pleased with the amount my coins brought at your auction sale."

Let me sell your collection or duplicates in these sales. Quick returns and satisfactory results are realized. My sales are held regularly each month. Write for terms.

Please bid by the piece unless stated to bid for the lot.
